

Seventh International Symposium on Melanoma and Other Cutaneous Malignancies

Jumeirah Essex House
New York, NY
March 12-13, 2010

Agenda Last Updated: September 9, 2010 (be sure to check that this agenda is the latest version)

Friday, Mar 12, 2010

7:30 am	Registration and Continental Breakfast	
8:00 am	Welcome and Introductions	<i>Sanjiv S. Agarwala</i>
Session 1: Melanoma Prevention, Surveillance, and Diagnosis Moderator: Allan Halpern		
8:05 am	Presession Survey	
8:10 am	Prevention and Risk: An Update	<i>Alan Geller</i>
8:30 am	Current Diagnostic Tools	<i>Ashfaq A. Marghoob</i>
8:50 am	New Technologies on the Horizon	<i>Allan Halpern</i>
9:10 am	Panel Discussion and Consensus for 2010	<i>Allan Halpern</i>
9:30	Break	
Session 2: Surgery and Adjuvant Therapy Moderator: Stanley P. L. Leong		
9:45 am	The 2009 AJCC Staging System and the Importance of Mitotic Rate	<i>Mohammed Kashani-Sabet</i>
10:05 am	Patterns of Melanoma Metastases in the Sentinel Lymph Node Era	<i>Stanley P. L. Leong</i>
10:25 am	Managing Patients at Risk for Recurrence: New Formulations of Old Agents	<i>Alexander Eggermont</i>
10:45 am	Current Status of Adjuvant Vaccine Therapy	<i>David Lawson</i>
11:05 am	MAGE-3 as a Rational Target for Adjuvant Therapy	<i>John Kirkwood</i>
11:25 am	Panel Discussion and Consensus for 2010	<i>Stanley P. L. Leong</i>
11:55 am	Postsession Survey	
12:00 pm	Break for Lunch	
Session 3: Unique Approaches to Melanoma Therapy Moderator: Sanjiv S. Agarwala		
1:00 pm	Presession Survey	
1:05 pm	Chemoablation in Melanoma: An Update	<i>Sanjiv S. Agarwala</i>
1:25 pm	Oncolytic Viruses and Melanoma	<i>Howard L. Kaufman</i>
1:45 pm	Electrochemotherapy in Melanoma	<i>Axel Hauschild</i>
2:05 pm	Panel Discussion	

Session 4: Melanoma at Specific Anatomic Sites

Moderator: Allan Halpern

2:25 pm	Targeted Therapies for Mucosal, Acral, and Uveal Melanoma: An Update	<i>Donald P. Lawrence</i>
2:45 pm	Targeting the Liver: Percutaneous Hepatic Perfusion/Intra-Arterial Infusion	<i>James F. Pingpank, Jr</i>
3:05 pm	Managing Patients With Brain Metastases	<i>Wolfram Samlowski</i>
3:25 pm	Postsession Survey/Panel Discussion	
3:45 pm	Break	

Session 5: Special Topics and Oral Abstract Presentations

Moderator: Axel Hauschild

3:55 pm	Dermatopathology: Top 5 Ways to Get Sued	<i>Jane L. Messina</i>
4:15 pm	Oral Abstract Presentations	
5:00 pm	Reception and Poster Viewing	
6:00 pm	Adjourn	

Saturday, Mar 13, 2010

7:30 am	Continental Breakfast	
8:00 am	Welcome and Introductions	<i>Sanjiv S. Agarwala</i>

Session 6: CTCL and Other Cutaneous Malignancies

Moderator: Francine Foss

8:05 am	Pre-session Survey	
8:10 am	Immune-Based Therapy in CTCL: When Should It Be Used?	<i>Francine Foss</i>
8:30 am	Epigenetics and CTCL Therapy	<i>Steven M. Horwitz</i>
8:50 am	Basal Cell Carcinoma and the Hedgehog Pathway	<i>Michael K. K. Wong</i>
9:10 am	Panel Discussion	
9:30 am	Postsession Survey	
9:35 am	Break	

Session 7: Novel Agents: Update on Recent and Current Trials

Moderator: Keith Flaherty

9:50 am	Pre-session Survey	
9:55 am	The B-Raf Pathway in Melanoma: Is This the Therapeutic Target We Have Been Looking For?	<i>Keith Flaherty</i>
10:15 am	Antiangiogenic Agents in Melanoma	<i>Steven O'Day</i>
10:35 am	Targeting Apoptosis: Does LDH Matter?	<i>Sanjiv S. Agarwala</i>
11:15 am	Postsession Survey	

Session 8: Genetics and Molecular Markers

Moderator: Sanjiv S. Agarwala

11:20 am	The Genetics of Melanoma	<i>Hensin Tsao</i>
----------	---------------------------------	--------------------

11:55 am	Molecular Markers in Melanoma: Therapeutic Implications	<i>Mohammed Kashani-Sabet</i>
12:20 pm	Consensus Discussion: What Markers Should We Order in 2010?	<i>Hensin Tsao</i>
12:30 pm	Break for Lunch	
Session 9: Enhancing Immune System Surveillance and Response Moderator: Antoni Ribas		
1:30 pm	Pre-session Survey	
1:35 pm	Anti-CTLA-4 Antibodies and Dialing Down Tolerance	<i>Jedd D. Wolchok</i>
1:55 pm	Vaccines and Cytokines: Have We Finally Found Synergy?	<i>David Lawson</i>
2:15 pm	Combining Chemotherapy With Immunotherapy: Does It Make Sense?	<i>Antoni Ribas</i>
2:30 pm	Panel Discussion	
2:50 pm	Post-session Survey	
Session 10: Practical Considerations and Guidelines Moderator: Claus Garbe		
2:55 pm	Cutaneous Complications of Targeted Therapies	<i>Mario E. Lacouture</i>
3:15 pm	Melanoma Follow-up: Guidelines and International Recommendations	<i>Claus Garbe</i>
3:35 pm	Wrap-up and Announcement of 2011 Symposium	<i>Sanjiv S. Agarwala</i>
4:00 pm	Adjourn
